On laminated and triple glazed glass skylights. Visit columbiaskylights.com for details

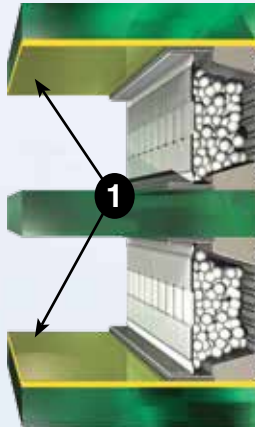

Columbia is the only skylight manufacturer offering triple glazed on all skylight models, fixed & venting, standard and custom sizes.

Your roof is the greatest source of heat loss in your home. If you've invested in triple glazed windows for your home it makes sense to do the same when purchasing a skylight for your roof.

For additional safety & sound control consider purchasing our newly introduced triple glazed laminate skylight. Meets Vancouver code requirements.
